BUILD · SUNDAY 11 OCTOBER

Build something new, one step at a time

Every new report, check or data product follows the same four steps. You say what you need; agents draft; a person checks and approves each step.

New project

Four quick answers. Then North asks the rest in a conversation, no forms.

Name

Daily cash check across entities

What is it for, in one line

Catch cash that does not match the administrator each morning, like the 12,400 c

North uses this line to start the conversation.

Who owns it

Mei Chen (me), Analyst

The owner agrees what it should do and hears about every step.

Who should build it

- (•) **Me, with the agents** (MC) — Span and Lumen draft each step for you
- ( ) **Assign to someone** (?) — Pick a person; they see it in Action

You can hand over the project or assign a single step later.

Not started

OWNER — MC — Mei Chen, Builds with Lumen
APPROVES — RP — Raj Patel, Finance
RECEIVES — DF — Daniel Foo, and the family council

Sent as one page to the family council and into the Morning Note.

What has happened

All activity

Daniel Foo signed the intent — Today 10:40
"Keep it to one page. Show the private markets sleeve on its own line."

North finished the draft: 10 of 10 sections — Today 09:15
How it is done today, who reads it, when it is due, and which benchmark to use.

Sofia Reyes added a point — Sat 10 Oct 16:20
Say which benchmark version the figures use, since version 2 is still being agreed.

Mei Chen started the project with North — Fri 9 Oct 14:02
"The council wants one page a month on how we did against our benchmark."

Choose who builds Architecture and Pipelines

Span drafts both steps. A person needs to check the draft and send it to Anita Rao for approval. That can be you or a data engineer.

Assign step

What the page will show, using September

Portfolio	Blend	Difference
4.17%	2.71%	+1.46 pts

The blend: global equity index 42%, bond index 28%, private markets sleeve 30%. Version 1, approved from 1 January. Version 2 is still being agreed.

PROJECT · ASSIGN

Assign a step

Monthly performance against benchmark for the family council. You stay the owner.

Which steps

- [x] Architecture
- [x] Pipelines
- [ ] Dashboards

Who

- (•) LT — **Leo Tan** — Data engineer · 2 steps open this week
- ( ) AR — **Anita Rao** — Head of data · she approves Architecture, so best not both
- ( ) MC — **Me** — Mei Chen · you would check Span's draft yourself

Message

Leo, the intent is signed. Span has a first draft of the tables. Please check the blend uses version 1 and the private markets sleeve shows on its own line.

Due date

16/10/2026

Leo sees this in Action under Needs me, with the signed intent and your message. Anita Rao still approves.
