What this step added

- ✓ Leo Tan joined as the data engineer
  He ran the pipeline on a copy first, then on the real data
- ✓ Fund administrator and trading export connected
  Both feed the two bronze tables Span planned on 3 Oct
- ✓ Five tables loaded with 13 months and checked
  Span compared every month with the source; all matched

BEFORE THIS

Anita Rao approved Span's plan on 3 Oct. The same day Daniel Foo signed the net worth definition, and Mei chose to show SGD beside USD.

NEXT · DASHBOARD PUBLISHED · 8 OCT

Lumen adds three tiles: net worth by entity, cash by entity and holdings by status. They are shared with Daniel Foo and Raj Patel and go out in the Morning Note.

When the project completes, anything new it made waits for Anita Rao before it joins the verified map.

WHAT IT MEANS

The value of everything each entity holds at the month end, in US dollars with Singapore dollars beside it. Every value carries its status.

Drafted in plain words with North during the project's Intent step. SGD uses the month-end fixing of [FX RATE].

SEPTEMBER, BY ENTITY · USD

Evergreen Family Trust	63,950,000
Entity B	22,875,000
Evergreen Holdings	16,580,000
Net worth	**103,405,000**

SEPTEMBER, BY STATUS · USD

Official	62,500,000
Revised	18,455,000
Estimated	12,500,000
Unverified	9,950,000

HISTORY

1 OCT — **Drafted with North**
Mei Chen described the monthly investment report. North wrote the first wording of net worth.

3 OCT — **SGD beside USD**
Mei chose to show both currencies in a talk with Lumen. The definition was updated the same day.

3 OCT — **Signed by Daniel Foo**
Approved as part of the plan Anita Rao signed off with Span.

7 OCT — **Evergreen Growth I revised**
The September value moved from 10,000,000 to 10,180,000. Net worth now counts it as revised, not estimated.

8 OCT — **Verified on project completion**
The dashboard was published and Anita Rao moved the definition onto the verified map.

9 OCT — **Wording change waiting**
Mei proposed naming the four statuses: official, revised, estimated or unverified. Daniel Foo agreed; it is in Anita Rao's review queue.

ITEM 1 OF 9 · CHANGE TO A VERIFIED DEFINITION

Net worth: name the four statuses

Mei Chen proposed this on 9 Oct after Raj Patel asked what "estimated" means on the tile. Daniel Foo, who signed the definition, agreed the same day.

VERIFIED NOW · VERSION 1

The value of everything each entity holds at the month end, in US dollars with Singapore dollars beside it. Every value carries its status.

PROPOSED · VERSION 2

The value of everything each entity holds at the month end, in US dollars with Singapore dollars beside it. Every value carries its status: official, revised, estimated or unverified.
